Intersection Improvement Project at Dundee Road and Buffalo Grove Road

CHICAGO – The Illinois Department of Transportation (IDOT) announced that an intersection improvement project is taking place at Dundee Road (Illinois 68) and Buffalo Grove Road, in Buffalo Grove. The work will require temporary, intermittent lane closures for the duration of the project.

In order to complete the work, daytime lane closures will take place in both directions on Dundee Road and Buffalo Grove Road. The lane closures will take place between 9 a.m. and 4 p.m. Access to local businesses will remain open.

The scope of the project includes resurfacing, as well as improvements to the sidewalk, traffic signals and drainage at the intersection. The project is expected to be complete in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
